## **DETAILED ACTION**

### ***Information Disclosure Statement***

The information disclosure statement filed September 28, 2006 fails to comply with 37 CFR 1.98(a)(2), which requires a legible copy of each cited foreign patent document; each non-patent literature publication or that portion which caused it to be listed; and all other information or that portion which caused it to be listed. It has been placed in the application file and those United States Patents and Patent Application Publications listed in pages 1-14 have been considered. However, the listing of foreign patents and non-patent literature listed on pages 15-28 has not been considered.

### ***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance:

The Examiner agrees with those arguments appearing on pages 11-12 of the Applicant's Remarks concerning Fernandez, Seth-Smith, and Kudelski's failure to disclose or suggest a method for restricting access to electronic books displayed on a viewer including at least decrypting the pages for viewing on a page-by-page basis including decrypting and displaying the selected page and encrypting the selected page when no longer displayed. Examiner's further search and consideration failed to turn up any additional prior art disclosing those features abovementioned. Claims 10-15, 20-26 and 31 are therefore allowable.

The Examiner also agrees with those arguments appearing on pages 13-14 of the Applicant's Remarks concerning Fernandez, Seth-Smith, and Kudelski's failure to disclose or suggest a method for restricting access to electronic books displayed on a viewer including at associating a predetermined amount of time after which the electronic book is stored on the viewer with the electronic book and restricting access to the electronic book once the predetermined amount of time has passed. Examiner's further search and consideration failed to turn up any additional prior art disclosing those features abovementioned. Claims 16-19 and 27-30 are therefore allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
